DESTINATION INFORMATION

Impression Isla Mujeres by Secrets is perfectly located in the southern zone of the island. Guests will enjoy stunning Cancun hotel zone skyline and breathtaking sunset views from the resort.

LOCAL POINTS OF INTEREST

- *MUSA Underwater Museum of Art* | 5 minutes / 2 miles – The Museum aims to demonstrate the interaction between art and environmental science and form part of a complex reef structure for marine life. All the sculptures are fixed to the seabed and made from specialized materials designed to promote coral life.
- *Punta Sur, Ixchel Mayan Temple* | 7 minutes / 1 mile – Known as the wife of the Sun, Ixchel is considered a fertility and love goddess with extraordinary healing powers. Despite the impact of time and weather on the temple, it remains a fascinating example of Pre-Columbian architecture, offering amazing views of the Caribbean Sea.
- *Park of Sculptures* | 7 minutes / 2.76 miles – Located on the southernmost tip of the island where the sun rises, this site was designated as a permanent open-air museum in 2001, with contributions from over 23 artists from Mexico and around the world. Renowned sculptors utilized modern shapes and bright hues to interpret the spirit of the Mayan civilization.

- *Garrafon Natural Reef Park | 4 minutes / 1.6 miles* – Garrafon is a gorgeous natural park highlighted by reefs, cliffs, and beautiful ocean landscapes that will captivate your senses. Kayaking, snorkeling, hiking, biking, and flying over the turquoise waters on a zip line are just a few of the activities available in the park.
- *Sleeping Shark Cove | 30 minutes / 3.97 miles* – This popular diving destination has baffled marine biologists worldwide. Sharks typically need to be in constant motion to breathe through their skins. However, in this cave, sharks can utilize bubbles from underwater springs to breathe, enabling them to 'sleep' completely still. This unique phenomenon allows divers to approach the resting sharks safely. Nurse sharks are commonly seen in the cave, and these stunning creatures are harmless, allowing guests to observe them up close.
- *North Beach | 10 minutes / 4 miles* – Located on the island’s northern region, this heavenly beach is less than a mile from the downtown area. Guests can rent all the equipment they’ll need for windsurfing.
- *Bird Sanctuary Isla Contoy Natural Wildlife Reserve | 60 minutes / 18.65 miles* – Isla Contoy is considered the most important nesting place for seabirds in the entire Mexican Caribbean. It is located at the confluence of the Caribbean Sea and the Gulf of Mexico, approximately 30 kilometers north of Isla Mujeres.

OTHER LOCAL ATTRACTIONS

- *Cancun Hotel Zone | 5 miles / 25 minutes* – The Cancun Hotel Zone is 25 minutes away and is accessible by ferry.
